- Winter at CELS
- Recycled Mother's Day Art in B23
- Investigations in CP1
- Foundation House Wishes Incursion

Above: Students from B23 made artwork for Mother's Day using recycled materials. More on page 3.

PRINCIPAL'S MESSAGE

Dear Parents and Guardians,

This is the final newsletter for term 2. We are moving into winter now and we have seen some very cold weather.

I hope everyone has warm coats and hats. Please contact the school if you would like to get some help with these items of clothing.

Winter is also a time where we need to be very careful to keep COVID safe. That means continue to keep a physical distance from others, have good ventilation and hand hygiene. CELS continues to give your children Rapid Antigen Tests (RATs). The last tests will be given to your children next week.

Last week we celebrated National Reconciliation week. This is a very important time in Australia.

National Reconciliation Week (NRW) is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia.

You can visit <http://www.reconciliation.org.au/> for more information.

Stay warm,
Catherine

Investigations at Broadmeadows Campus

Students from B41 and B42 in Broadmeadows campus have been making all kinds of colourful and interesting things during Investigations.

Winter at CELS!

Right: AP3 students are learning to take things apart and give junk new life in Makerspace.

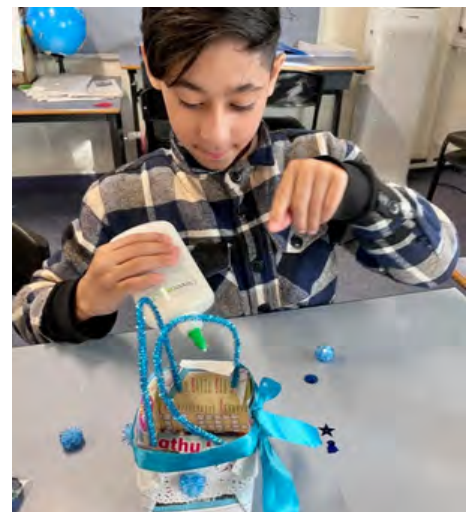

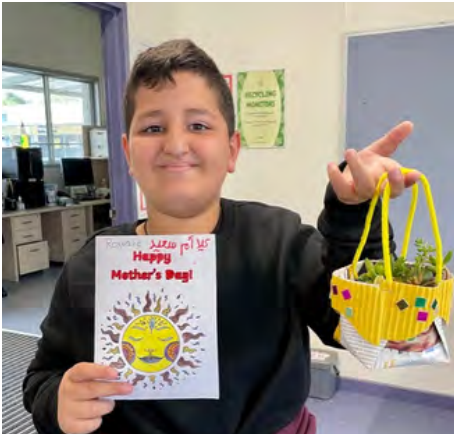

Hot Chocolate anyone?! Keeping warm with Hot Chocolate Fridays made by Rhea and Sean. Yum!

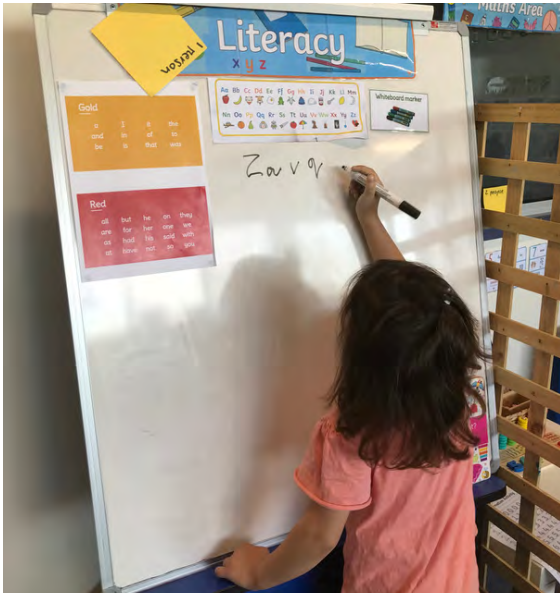

Secondary students are composing music, writing lyrics and creating great vibes at Collingwood Campus for their Music Elective with Lisa and Steve.

Recycled Mother's Day Art in B23

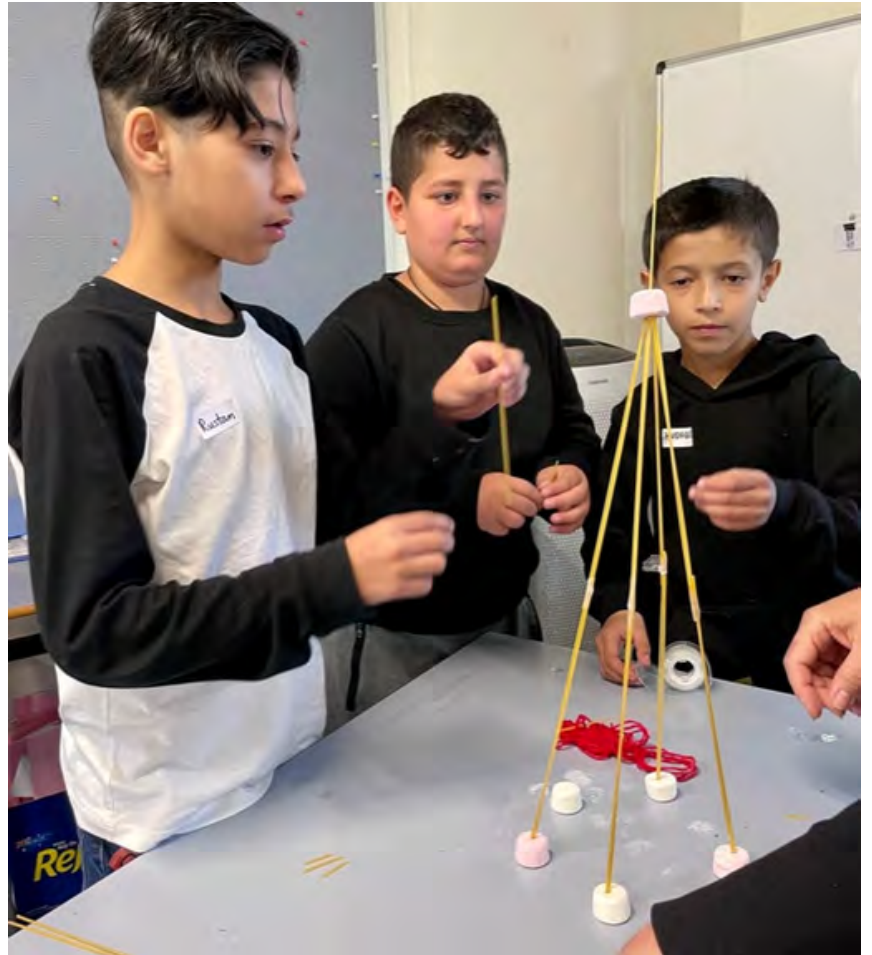

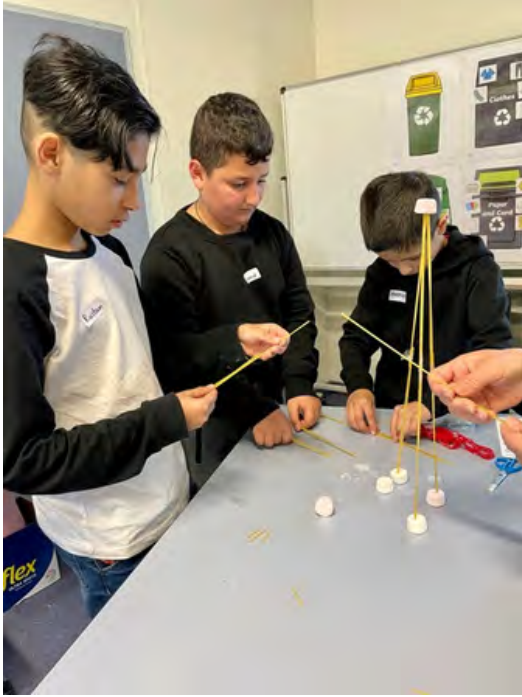

Students in B23 recently created artwork for Mother's Day by using recycled papers, tea cups and saucers. B23 are learning how to 'reuse and recycle' in Science. They are studying the topic of sustainability.

Investigations in CP1

CP1 have spent the first few weeks of term 2 exploring their new spaces in Investigations. They have enjoyed writing on the whiteboard, making pizzas in the pizza shop, helping sick animals at the vet, getting their hair done at the hairdressers and learning about numbers in the maths space. CP1 love learning and playing in Investigations!

Foundation House "Wishes" Incursion

Students in B23 recently participated in the Foundation House "Wishes" incursion program.

They worked in teams to build the tallest tower using spaghetti and marshmallows.
